

Dear Judge Abel,

I know 4 williams dependant in cases # CC-2021-0724 and DA-2022-0454. On both cases listed above and any other cases I don't know about, I would like to remove court appointed Counselors and represent myself from this day forward. I need permission granted to have the court fund any experts I wish to prepare ~~and~~ defense that will be needed to prove my defense in trial. Also if you would grant me the ability to refer my own counsel of my choice to be my Co-Counsel and to assist me with outside work I ~~would~~ won't be able to do here from in a jail cell. I can't and don't trust any attorney/counsel referred by the Marshall county because I strongly ~~to~~ believe they work with the state against me to ~~interfere~~ with the outcome of my proceeding. Please permit me the ability to review the discovery and any evidence that the state may possess and have in testing or ~~sent~~ sent for testing along with the facilities you are in ~~plum~~ <sup>any</sup> ~~and~~ ~~label~~ or whatever it is that connects the items to my case.

Moreover I can't work ~~with~~ <sup>with</sup> the counsels you've assigned to me because they can't do simple things I've asked of them like a case action summary which I would love to have along with my first hearing, January 3, 2022 court recorders transcript.
